

PRIYA CHEDE

SOFTWARE
DEVELOPER

ABOUT ME_

I am a highly motivated and detail-oriented individual with a passion for software development. As a recently Master's in Computer Science, I have developed a strong foundation in coding. I am a quick learner and enjoy keeping up with the latest developments in the industry.

I have experience working on several projects during my academic tenure, which has helped me develop strong problem-solving and critical thinking skills. I am a team player and have collaborated with other developers to deliver innovative solutions. I am also comfortable working independently and taking the initiative to find solutions to complex problems.
