- **Android Development using core JAVA :**
Git-Hub Link: <https://github.com/Ashwini3996/AndroidDevelomentProjects/tree/master>

- **Data Structure Programs using C, C++, JAVA(Customized Functions) :**
C Link : <https://github.com/Ashwini3996/DataStructureUsingC/tree/master>
C++ Link : <https://github.com/Ashwini3996/DataStructureUsingCpp/tree/master>
JAVA Link: <https://github.com/Ashwini3996/DataStructureUsingJAVA/tree/master>

- ✓ **Technologies Known:** .Net Framework, Windows Application Development, Android Development, and Linux System Development.
- ✓ **Web Technologies:** ASP.NET, HTML/HTML5, CSS, XML, JavaScript, JQuery.
- ✓ **Database:** MySQL, SQLite.
- ✓ **IDE & Tools:** Visual studio 2019, Intelli J , Eclipse.
- ✓ **Operating System:** Windows (Win32 SDK), Linux Distributions.
- ✓ **Libraries:** Angular JS, Bootstrap.
- ✓ **Methodologies:** Agile, Waterfall
- ✓ **Version Control:** GIT

PROJECT DETAILS

Project: “Core Banking Solution (CBS)”- Gayatri InfoTech Baner Pune.

- **Language:** C# **Year:** Software development (2019 – 2021)
- **Tools &Technology:** Visual Studio 2019.
- **Details:** Developing CBS Software, Company had its own framework which is written in C#. CBS software is developed using this framework only. Backend and frontend code is written in C# .Net and MySQL for handling database. Software is DLL based and modular approach is used to develop this software.
- **Role:** The software team at Gayatri InfoTech works on building CBS (Core Banking Solution) software for small scale banks. As developer my primary job was to understand, organize and implement banking modules and integrates them into the CBS software the coding was done in C# and I did a lot of heavy lifting as we only had a few developers. My job involved understanding the modular functionalities, writing the code, debugging issues and integrating it with the rest of the software. I was also actively involved in basic testing of the functionality of the software before advancing it to the Testing team. In addition to sharpening my technical skills, this also helped me in getting significant exposure to the banking domain.

Project: “PACS”- Gayatri InfoTech Baner Pune

- **Language:** C# **Year:** Software Development (2018 – 2019)
- **Tools &Technology:** ASP.NET, Javascript, JQuery, MySQL(Backend)
- **Details:** PACS is a web application which is developed for a farmer who takes loan (from Satara district). This software collects all information regarding loan (whether it is short term or long term). Stores all information of loan into the database of each farmer. While giving the loan to the farmer all its background is checked to control on fraud because some farmers are poor and illiterate too.
- **Role:** Development is done using ASP.NET technology, for validation JavaScript, JQuery is used at front end and to store the information MySQL is used. Only three months I got a chance to work on this project in this period I learned JQuery and many things that are important while web development.

MCS (Internship) Projects: “NEWSTODY Mobile Application”.

- **Language:** Android(Using Core Java) **Year:** 2017-2018
- **Technology:** Backend (Wordpres), JSON, SQLite.
- **Git-Hub Repository:** <https://github.com/narmware/NewsToday.git>
- **Details:** This Application is specially developed for to receive latest news from various categories. It can saves time and fetch the latest updates from internet at very low cost. People can share latest updates. Here at the backend we have used various technologies like wordpres it is requirement of our project. <http://www.onlineshopee.co.in/news> click on this URL see the wordpres website.

EXTRACURRICULAR

- **BOL 85** (news Application) internship project for company year (2017-2018) it is live app Available on play store.
- Certification in **ASP.NET** from Enosis Learning (2020).

INTERPERSONAL SKILLS

- An Interactive bachelor with decent communication skill & ability to carry work assign.
- Good grasping power.
- Leadership quality.
- Flexible to work in any environment.
- Like to do work in team.
