## PROJECTS

**Identify the ability of customer- based on purchase behavior.**

A market consists of all the potential customers sharing a particular need or want who might be willing and able to engage in exchange to satisfy that need or want. In advertising, customer value proposition (CVP) comprises of the whole of advantages which a seller guarantees a client will get as an end-result of the client's related installment (or other worth exchange). Client Value Management was begun by Ray Kordupleski during the 1980s and talked about in his book, Mastering Customer Value Management.

**Online Bus Reservation system.**

The Online bus reservation system is developed for buying bus tickets online.

Bus reservation is dynamic web software. It allows admin to add bus, route and set fair for different routes.
