Graduation: B.E. in Computer Science and Engineering from SGBAU ,Amravati University.

Post-Graduation: M.E. in Information Technology from SGBAU, Amravati University.

Professional Skills

Programming Language	: Core Java (Basic), SQL (Basic)
Defect Tracking Tool	: JIRA
Project Management Tool	: ALM
Automation Tool	: selenium WebDriver
Others	: MS Excel, MS word, MS Power Point

Experience:

Project1:

Project Name	: Levolin
Domain	: Manufacturing domain
Module Worked	: PLAN and INVESTMENT submodules of demand module
Roles	: Functional Testing, Integration Testing, System Testing, Sanity Testing

Description:

The application is developed to record the entire process of Goods Reception. It comes to live from making sales order, customer creation, customer approval, Transport Entry and keeps record of Goods Passes, Picks both Raw Materials and check quality of Goods, Dispatch Goods, Quality check and generates reports, send invoice to PPC executive and Customer and Alert limit in store warehouse.

Roles & Responsibilities:

- Understanding the requirements and functionality of application.
- Understanding and executing functional, Integration and System test Cases.
- Executing test cases while build was given.
- Identifying defect, preparing Bug report and raising the track defect using Jira.
- Coordinating the team in analyzing, reporting issues.
- Attending daily standup meetings.

Project 2:

Project Name	: EntSharp
Domain	: E-commerce
Module Worked	: Promo and guide module.
Roles	: Functional Testing, Integration Testing, System Testing, Sanity Testing

Description:

EntSharp is developed to create a demand order and delivered. It is used for Domestic as well as International Organization also. For that first create a promo, create guide and convert guide into developing. Create outcomes and add into a browser and sending to a client if client accept then take a demand order and create account and address details. And delivered outcome to the developing.

Roles & Responsibilities:

- Understanding the requirements and functionality of application.
- Understanding and executing functional, Integration and System test Cases.

- Executing test cases while build was given.
- Identifying defect, preparing Bug report and raising the track defect using Jira.
- Coordinating the team in analyzing, reporting issues.
- Attending daily standup meetings.

Strengths

- Able to work in a team
- Hard work
- Curious about new technologies

Area of Interest

Reading about New Generation Technologies, Singing, playing batbidtan.

Personal Detail

- Date of Birth : 15-06-1991
- Gender : Female
- Husband name : Shrikant Bhaurao Ingle
- Languages Known : Marathi, Hindi ,English
- Nationality : Indian
- Marital Status : Married
- Present Address : Good will palette, Ravet ,pune(412101)

Declaration

I hereby declare that all the information written above is true to the best of my knowledge.

Date:
Place: PUNE
