EXPERIENCE

Intern - Data Science

CodeNautics Technologies pvt.ltd

7 June 2022- 30 June 2022

- As a Intern in Data science, I got a list of tasks to complete everyday.

PROJECTS

A System that translate Regional Language into English/Hindi using Machine Learning and Deep Learning

- To overcome the barrier between the languages
- Truly Communicate original message attending its meaning
- Used UI, AI/ML, API

Develop a System that Detect Redendent Question using Deep Learning

- The System is developed using Deep Learning Algorithm
- Used LSTM and Bi-LSTM Technique

Taxi-Fare Prediction

- Used Machine Learning Algorithm
- Predict fare as per the Shortest Route
- Purpose is to overcome users time

EDUCATION

B.Tech(Information Technology)

Government College of Engineering Karad

📅 2021 - Ongoing

Diploma in Electrical Engineering

Walchand College of Engineering, Sangli

📅 2019 - 2021

Higher Secondary(HSC)

Rani SaraswatiDevi Kanya Shala And Junior College of Science

📅 2017 - 2019

Secondary(SSC)

Smt.Sundarabai Dadage Girls High School, Sangli

📅 2016 - 2017

SKILLS

Java | Python | ML | DL | C++

ACHIEVEMENTS

Finalist in National Level Smart India Hackathon Competition 2022

Second Price in Ellocution at Inter State Level Youth Festival Competition

Third Price in Ellocution inter State level Abhiyanta Karandak 2022

CERTIFICATION

C Programming

STRENGTHS

Ellocution

Time Management

Team Work

Problem Solving

INTERESTS

Cooking

Singing

Dancing

COURSEWORK

Computer Networks

Database Management System

Object Oriented Programming

LANGUAGES

Marathi English Hindi
