Projects:

Share Market Prediction and Analysis
Technology used: -Machine learning, data science python, data mining, HTML, CSS.
To predict share prices of the stocks one day ahead have used different machine learning algorithms to predict the close price of the stocks one day ahead and I have used tkinter interface for deployment.

Timetable Website for Students
Technology used: -C, C++, python, Java, Javascript, MySQL,HTML,CSS.
created a timetable website for students and teachers.
Teachers can have right to modify the timetable or they can make changes and students can only view the timetable on website.

Experience
Web development internship at Webwide IT solutions llp, Pune.
Technology used:
PHP,Laravel,SQL,HTML,CSS, Javascript,Boostrap.
