EXPERIENCE

I worked with 3 Start-ups:

- **4Umates**-it was a personalized gifting company **(2016-17)**

  I worked as a <u>team leader</u> and <u>graphics designer</u>. It was an amazing experience to understand the customer's need and interest. I handled all the situation professionally and efficiently.

- **Plzant**-it was also a personalized gifting company **(2018-19)**

  I worked as a <u>marketing manager</u> and <u>graphics designer</u>.Here I made ample clients for the business.

- **toothsome foods**-it was a home made food delivery company **(2019)**

  It was my own startup.I got wonderful experience of working at each level of positions. **toothsome foods** enhanced my personal and professional skills as well.

- Three months internship in **dimentics info tech** (2021) (as a graphics designer)
