Contact No: +919404130065

Flat No-2 , C Wing
State Bank Nagar
Karve Nagar, Pune
Maharashtra

Career Objective :

Utilization of my knowledge and skills along with my abilities like self-motivation, hard work & team play in enhancement and development of organization to promote growth and development of self and organization. Progress and success of my organization is my ultimate goal

Academic Projects :

Title : An Android App – Career builder, (Jan-May, 2017)
Technologies Used : JAVA, Android Studio, SQLite Database
My Contribution : Application Development
Description : The main idea behind the project is to develop a platform for pupil to find the detailed information of the career field one can opt for. We had made a literature survey of various career fields including Art, Music, Sports, Politics, Technology and Management programs and successfully gathered all the data under one platform using JAVA and SQL.

Title: Academic Timetable Using genetic Algorithm, (July-Dec, 2016)
Technologies Used: C programming and Algorithms
My Contribution : Project Development
Description : The Intention to implement this project was to develop a computer program which employs Genetic Algorithm in the quest for an optimal lecture timetable generator. Genetic Algorithm guides to optimize the timetabling problem considering all the Constraints and generate the optimal solution for it.

Education :

College of Engineering, Pune – B.Tech (IT)
Savitribai Phule Pune University (May, 2017)
GPA : 6.57

Rajarshi Shahu Mahavidyalaya, Latur – intermediate/+2
