Technical Skills

- **Automation Tool** : SeleniumWebDriver, Eclipse, TestNG annotations
- **Bug Tracking Tool:** JIRA, Excel Sheet.□
- **Languages** : Java.□
- **Automation Framework** : POM
- **Database** : MySQL, Microsoft Office Access.□
- **Compatibility Testing Tools** : Bitbar
- **Test case Management Tool :** Zephyr
- **API Testing Tools** : Postman

WORK EXPERIENCE

- **13th May 2019 – Till Date with Omni-Bridge Solutions Pvt. Ltd., Pune as QA Engineer.**
- **1st March 2019 – 10th May 2019 with Omni-Bridge Solutions Pvt. Ltd., Pune as QA Intern.**

CERTIFICATION:

Diploma in Software Testing from MindScripts with A+ grade

EDUCATIONAL QUALIFICATION

Qualification	College / University	Aggregate	Year of Passing
ME (Comp Sci & Engg)	Amravati University	78.37%	2016
BE (Comp Sci & Engg)	Amravati University	64.83%	2014
HSC	Maharashtra State Board	69.50%	2010
SSC	Maharashtra State Board	81.53%	2008

PROJECTS

Project #1

Project Name	:	Zed Axis Desktop
Domain	:	Data Entry Management
Client	:	Australia
Period	:	May 2019 – Till Date
Skills/Tools	:	JIRA, QuickBooks, Confluence, Zephyr

Description:

Zed Axis application is a transaction tracking solution that enables the import and export of data to and from Quickbook Desktop. Zed Axis supports various formats such as Excel files, text files, IIF and bank or credit card statement files including QIF, QBO, OFX and QFX. It enables transactions related to estimates, invoices, purchase orders, checks and bills, as well as other transactions related to journals, time entry and inventory.

Roles and Responsibilities:

- ✓ Perform End-to-end web application testing.
- ✓ Generating the Test scenarios and Test cases on confluence.
- ✓ Writing test cases on Zephyr using JIRA (Client side).
- ✓ Performed Smoke, Functional, System Integration, Retesting, Regression testing.
- ✓ Log bugs using JIRA.

Project #2

Project Name	:	Zed Axis Online
Domain	:	Data Entry Management
Client	:	Australia
Period	:	November 2019 – Till Date
Skills/Tools	:	JIRA, QuickBooks, Confluence, Zephyr, Eclipse, Selenium WebDriver, TestNG Annotations, GitHub

Description:

Zed Axis application is a transaction tracking solution that enables the import and export of data to Quickbooks Online from Quickbook Online, Zoho, Paypal, Local machine. It supports various transactions related to estimates, invoices, purchase orders, checks and bills, customer, etc.

Roles and Responsibilities:

- ✓ Zed Axis Online is a web application where I performed web application testing using different browser to check browser compatibility i.e. Mozilla Firefox, Google Chrome.
- ✓ Perform End-to-end web application testing.
- ✓ Writing test cases and scenarios on confluence
- ✓ Writing test cases on Zephyr using JIRA (Client side).
- ✓ Performed Smoke, Functional, System Integration, Retesting, Regression testing.
- ✓ Log bugs using JIRA.
- ✓ Perform automation testing using selenium.
- ✓ Developed Automation Test Scripts and Performed Regression test cases.
- ✓ Creating POM (page object model) and Test classes for the framework.
- ✓ Experience in Designing and implementation of TestNG framework with WebDriver

Project #3

Project Name	:	NightPicker (Merchant And Diner)
Domain	:	E-Commerce
Client	:	Canada
Period	:	August 2019 – Till Date
Skills/Tools	:	JIRA, Confluence, Bitbar, Postman

Description:

NightPicker is food delivery application. Where Merchant can add Dishes, Pantry items and Stories of their restaurant using Night Picker Merchant Application and Diner can order food using Night Picker Diner Application.

Roles and Responsibilities:

- ✓ *Perform android and iOS mobile application testing.*
- ✓ *Perform API testing using Postman.*
- ✓ *Writing test cases and scenarios on Confluence.*
- ✓ *Performed Smoke, Functional, Retesting, Regression testing.*
- ✓ *Log bugs using JIRA.*
- ✓ *Perform regression testing cycle before release the build to client.*
- ✓ Perform version and device compatibility testing using Bitbar.
